

Capacity Strengthening Hub (CS Hub)

Enhancing Capacity, Igniting Change

About the CS Hub

Led by PlanAdapt & African Centre for Technology Studies (PAACTS), the Capacity Strengthening Hub enhances capacity-building, knowledge sharing, and learning across CLARE projects

Objectives

- Support capacity strengthening within CLARE projects
- Identify opportunities & gaps for focused initiatives
- Track and share CLARE's progress on capacity strengthening

Our Approach

-  Co-designed CS frameworks
-  Baseline for CS MEL
-  Co-created & delivered CS activities
-  Nurturing a CS culture
-  Facilitate design of offering of targeted CS initiatives
-  Assess opportunities for CS focused initiatives

Monitoring, Evaluation, Learning

-  MEL of CS
-  Integration with the CLARE MEL
-  Future look of CLARE CS initiatives

Capacity Strengthening Cube

- Helps identify strengths, needs and goals in climate adaptation capacity
- Based on three dimensions: Capacities, Modalities, Learner
- Supports holistic, structured learning and dialogue
- Guides CS Hub activities, funding and resource allocation
- Tool for CLARE projects and communication
